💬 Retrospective

> ℹ️ Add your Start doing, Stop doing, and Keep doing items to the table below. We'll use these to talk about how we can improve our process going forward.

Start doing	Stop doing	Keep doing
• Getting our project prepared for the final presentation.	• New views. Anything to be added will probably have to be put on the backlog for later updates.	• Team Communication
• Final UI/UX changes		• On time stand ups
• More practice on presenting the powerpoint (For Nic, if he is the one presenting, practice more so the start isn't as choppy)		• Good Client Communication
